Re: Group Home – Ch. 980 Sexual Predators

Dear Dean Stojkovic:

Enclosed please find a document entitled "The Case Against: Why Placement of Sexually Violent Persons In Franklin Fails To Meet State Standards" drafted by Franklin Alderman Steve Olson. I respectfully request that you read and carefully consider this document.

I would also request that you publicly retract your statements as reported in the Milwaukee Journal Sentinel on March 10, 2005. I propose that you have a duty to give respectful and thoughtful consideration to the comments of our *elected* officials.

Should you have any questions or comments, I would very much enjoy the opportunity to discuss with you your committee's work.

Very truly yours,

Frank Gumina, Esq.
